

TEACHERS WILL CONSIDER PLAN OF PLACEMENT

Representative of the Illinois Valley Teachers' association in the administrative council of the National Educational association and the endorsement of a plan for a teachers' placement bureau under the supervision of the Illinois Teachers' association, will be taken up at the meeting of the Illinois Valley division of the state teachers' association when it meets at the Augustana gymnasium, Friday, Sept. 25. The meeting will consider suggestions for the operation of the teachers' placement bureau and also the selection of delegates from the valley organization to the national association.

Many Counties Represented

The following counties are represented in the valley organization: Rock Island, Mercer, Grundy, La Salle, Putnam, Bureau, Stark, Henry, Marshall, Whiteside and Lee counties. Mercer county teachers will have a joint meeting with the Rock Island county teachers on the final day of the county institute, which is the day before the valley meeting. They have been especially invited to attend the valley meeting.

Plans for a big reception for the teachers are being arranged by Louis A. Mahoney, superintendent of Moline schools. Rock Island school children will sing and put on a play.

ORCHESTRA WAS GIVEN CALL TO A CYRIL GRAHAM

Rock Island can support a symphony orchestra, which fact is the city can do, then it must be a place worth living in. And that's why Professor A. Cyril Graham of the Augustana music conservatory, came to Rock Island, he told the Rock Island Rotary club yesterday noon.

Professor Graham said if the city or the tri-city, can support the symphony orchestra, known widely as one of the best, was reason enough for him to come to this city. He gave some facts on the large amounts of money tied up in the musical world and explained what it meant to a nation. Professor Graham said that Rock Island is honored by entertaining the national society here next year.

The Rotary urged each member to join the Chamber of Commerce and subscriptions were taken up at the meeting. The matter of getting donations to buy blankets for the Rock Island Independents was turned over to the board of directors.

Mexico City, Sept. 22.—Bertie C. Johnson, a British subject, who has been the prisoner of bandits in the state of Jalisco since Aug. 10, has been freed, according to an official announcement.

RECOGNITION OF IRISH REPUBLIC MAY LOSE JOB

Public has been "recognized" by the mayor at Verdun, but the recognition is in danger of losing his job.

It happened in the course of a recent centenary celebration. Among the foreigners who placed wreaths and delivered speeches before the statue of General Roche was an envoy from a country which has been mentioned quite frequently in dispatches lately as the "de jure" Irish republic. The mayor replied with great enthusiasm to the Sinn Féin's oration, leading to the "new republic" which had grown out of the war. The British embassy at Paris protested to the Quai d'Orsay and the mayor has been asked to break up in his geography and explain how it happens that he is unaware that Ireland is still a part of the British empire.
